5. Foll	owing is a key to the overlay sketch of the area on page 3.	50X1-HUM		
1-3.	Central chemical warrare depot.			
<b>4.</b>	Approximate location of a new bridge over the Volga River. This bridge is now under construction and the abutments have been completed. The bridge will run approximately from perculok Svobodnyy Volodarskogo(sic) to Nakhimsonovskaya ulitsa on the opposite bank. It is located approximately three city blocks below the existing bridge (Point No. 5).			
5.	Existing bridge.			
6.	Temporary floating bridge, which no longer exists.			
7.	Headquarters and administration building of the Academy of Rear Services of the Soviet Army.			
8.	Ferry landings.			
9.	Railroad car manfacturing plant.			
10	Military reservation of an unidentified artillery regiment.			
11.	Military compound (voyennyy gorodok).			
12.	Main school buildings and housing facilities for the Academy or Rear Services of the Soviet Army. Originally this area consisted or two buildings, but as of early summer 1954 it consisted of about ten new buildings. The two original buildings were occupied by a cavalry school prior to the Revolution, and later by a CW school.	,
